TWO HUNDRED LIVES LOST IN TORNADO

Snyder, Oklahoma, In Path Of Terrific Cyclone.

500 PEOPLE REPORTED INJURED

Little Oklahoma City Is Almost Swept From the Map—Destruction of Life Is Appalling, and It Is Impossible to Tell How Many Are Killed.

Guthrie, Okla., May 12.—Reports received here indicates that between 300 and 400 lives have been lost in partial destruction of the town of Snyder, Okla., by a tornado.

Relief trains have been sent to the scene from a number of neighboring towns. Details of the disaster cannot be learned until some of these trains return ,all telegraphic and telephone communication with the stricken town having been interrupted.

It is reported that bodies are scattered all over the streets and surrounding country. The storm struck the town from the southwest, traveling north until about 100 yards from the Oklahoma City and Western railway track. Then it took a northeasterly course through the business portion of the town. North of the track not a building was left standing.

The first relief train, sent from Hobart, has arrived on the scene.

Snyder is a town of about 2,500 inhabitants, in Kiowa county, Oklahoma, in the Kiowa and Commanche Indian country, opened in 1901. The town was laid out largely by the St. Louis & San Francisco railway, at the junction of two of its lines, and the company erected important buildings there. Snyder is the division point for the Quannah division of the road. The town was named for Bryan Snyder, passenger traffic manager of the system.

The first news of the storm was received about midnight. Soon thereafter, before any details had been received, telegraph and telephone wires went down. Immediately relief trains were ordered out from all available points, starting from Hobart, Chickasaw, I. T., Guthrie, Oklahoma City and other towns. Every train carried doctors, nurses and any person capable of rendering aid.

On every hand they found the wreckage and streets almost obliterated by piles of demolished houses. In all directions evidence of the terrible havoc of the storm was apparent. The dead and dying lay about the streets, in yards and mixed up with the wreckage, while those who had escaped ran hither and thither in excited attempts to bring order out of the terrible chaos and to render what meagre aid they might.

The storm was not confined to Snyder. On the way to the stricken town, dead and injured were passed in plain sight of the relief trains, but these were passed in the efforts of the rescuers to reach Snyder, where there was greater need of their services.

The first man to reach Snyder and return to a telegraph point was the station agent at Mountain Park, a neighboring town. He had walked into Snyder, reaching there at daylight, and after taking a hasty view of the situation and without gathering any exact details of the storm's effect, returned to Mountain Park. This man reported the the town partially destroyed, and asserted that the list of dead would reach somewhere between 300 and 400. The injured, he said, were to be seen everywhere, and their number undoubtedly will reach into the hundreds.

While the tornado seems to have been widespread, rumors that other towns in southwestern Oklahoma had been destroyed were declared by telephone exchanges to be incorrect. However, there was no question that much damage to property and loss of [illegible] had ocurred in the outlying districts.

The same tornado struck Quinland in Woodward county, on the Santa Fe railway, destroying several houses and at that point at least three persons. Mrs. G. W. Cox and her twin sons, are known to have been killed. The tornado struck Snyder from the southwest, traveling north, until within about 100 yards of the tracks of the Oklahoma City and Western railway. There it took a northeasterly course, through the business portion of the town. North of the track not a building was left standing.

Coming, as it, while most of the inhabitants of Snyder were asleep, but few had any warning of their danger.

There was no possibility of securing a correct early estimate of the numoer of dead and injured. The number of was placed at anywhere between 70 and 300, at Snyder alone, while the injured were placed at between 100 and 500.

At 9:30 this morning indifferent telephone connection was established with Lawton. Lawton reported that the telephone wire between there and Snyder had worked at brief intervals and that from snatches of conversation received the dead at Snyder were placed at between 70 and 100, with the injured between 100 and 200. Lawton stated, however, that so much confusion existed at Snyder that it was impossible at that hour to give anything a correct estimate of the casualties.

DOUBLE TRAGEDY AT ADEL, GA.

Man Shoots His Wife, Sister-in-Law and Himself

Valdosta, Ga., May 12.—The town of Adel, in Berrien county, 22 miles north of here, was shaken from center to circumference just before noon today by a tragedy in which John Hewitt, a well known white man, killed his wife, shot her sister and her brother and then when surrounded by a posse of citizens ended his own life with a revolver.

Hewitt had been in bad health and had once been confined in the state sanitarium. For a month or two he and his wife had not resided together, he living at Milltown and she with her relatives at Adel, though there was no domestic trouble between them so far as known.

Yesterday he drove over to Adel from Milltown and this morning he and his wife accompanied by Mrs. Parrish, started from the Parrish residence to the home of W. D. Wilkes, a brother of the two ladies. On the way and in the heart of the town, Hewitt stopped the buggy and got out and shot his wife dead and then turned his gun upon her sister, inflicting serious wounds. He also fired at W. D. Wilkes, making only a slight wound.

The citizens of the place were aroused by the news of the tragedy, and a posse was promply formed to arrest the murderer. When surrounded near the scene of the tragedy he turned his revolver upon himself and ended his own life.

It is believed that he had previously planned the tragedy, but what real or imaginative grievance he had against the two women will be buried with the principals in the deplorable affair.

Officer Branded a Deserter.

Washington, May 12.—First Lieutenant Alphonse Strebler, Forty-seventh company of coast artillery, who disappeared from his station at Fort Hunt, Virginia, three months ago has been dropped from the army register as a deserter. Lieutenant Strebler was connected with the quarter master and commissary departments and because of some deficiencies in his pay accounts was confined to his quarters at the time of his disappearance

Kentucky Judge Kills Himself.

Cincinnati, May 12.—Judge Cecil Pence, a former member of the Kentucky legislature, known all over Kentucky as a lawyer and politician, committed suicide at his home in Covington by shooting. The cause for the suicide is unknown. Judge Pence was 35 years of age. He entered the legislature when barely of age, and had been police judge of Covington for the last six years.

Aged Man Shoots Minister.

Bloomington, Ill., May 12.—Truman Mason, aged 65, shot and mortally wounded Dr. V. Davis, early today at Wapella. He then walked a short distance, pressed the revolver to his own heart and fired, death ensuing almost instantly. The shooting grew out of an assault on Davis by Mason si months ago.

TWENTY KILLED AND ONE HUNDRED HURT

Terrible Wreck Occurs On the Pennsylvania Railway.

NUMBER OF DEAD IS UNKNOWN

Westbound Passenger Train Crashes Into a Wrecked Freight on the Main Line—Morgue Full of Dead and the Hospital Filled With Injured.

Harrisburg, Pa., May 12.—At least 20 persons were killed and more than 100 injured in a collision on the Pennsylvania railroad south of Harrisburg a few minutes before 2 o'clock this morning, caused by the second section of the Cleveland and Cincinnati express, westbound, crashing into a wrecked freight train.

There are at least 10 bodies under the wreckage.

The Harrisburg hospital is crowded with the most seriously injured. Others of the injured are at the hotels and will be able to resume their journey during the day. The railroad company is doing everything possible for the relief of the injured, many of whom escaped from the wreck in their night clothes and lost all their clothing and other belongings.

The passenger train of nine cars and locomotive was wrecked.

At 6 o'clock this morning three corpses had been taken to the dead house near Union Station. None of the bodies could be identified. Mrs. Dougherty's body was taken to an undertaking establishment.

Before the tracks were cleared sufficiently to permit trains to run a roundabout way via York was used. At 6:15 o'clock four more bodies had been removed from the burned train. Two valises were found beside the four corpses. On one the name of Samuel P. Brown, Germany, was printed, on the other was the name of Samuel Stern, 234 Broadway, Cleveland, O. A man by the name of Samuel Stern was among those not seriously injured who were sent to the hospital.

At 6:30 o'clock the flames were still raging fiercely in two Pullman cars that up to that time had not been entered by the rescuing parties.

It was believed then that there were a number of corpses inside that could not be rescued for hours. Very few passengers who had escaped had any clothing to speak of. Most of them had been in their berths at the time of the explosion and escaped only in pajamas or other light apparel.

Only three dead have been positively identified, so completely were the bodies cremated The known dead are:

H. K. Thomas, engineer of the passenger locomotive, Philadelphia, head blown off when boiler exploded.

Mrs. Robert Dougherty, of Philadelphia.

Jacob F. Silverman, Bridgeton, N. J., burned to a crisp in his berth.

He was identified by a masonic emblem on his coat.

C. K. Uhlmann, Altoona, Pa.

It is unofficially estimated that the financial loss will amount to full $300,000 This includes $150,000 for cash, jewelry and other personal effects of the passengers that were destroyed.

Twelve of the dead are at the morgue and other bodies are being brought to the dead-house as quickly as they are located.

There are about 70 injured persons in the Harrisburg hospitals, hotels and private residences, while others are under care of physicians in houses near the scene of the wreck.

The primary cause of the wreck was an accident to a shifting train. It was going west slowly when the engineer of the eastbound freight saw it coming on his track. He applied the air brakes suddenly, which caused the middle of the freight train to buckle, shoving several of the cars on to the westbound track. A moment later the express, one of the fastest night trains on the road, came along and dashed into the wrecked cars. The next instant the boiler of the passenger locomotive exploded. The wreck took fire and those who escaped began the work of rescue.

Six minutes after the express struck the freight wreck the railroad men say the flames reached the car filled with power. There was a flash and a deafening roar. The earth trembled as though some terrible seismic disturbance had occurred. All who were not killed or injured by the explosion fled from the awful scene.

WILL MEET AT NEW ORLEANS.

Proceedings of Second Day's Session of Cotton Manufacturers.

Knoxville, Tenn., May 12.—This morning's session of the American Cotton Manufacturers' convention was given up entirely to the discussion of topics of pertinent interest to manufacturers. John W. Frels, of Winston-Salem, N. C., read a paper upon "Dust." W. G. Nichols, of Chester, N. C., discussed "Waste." B. W. Hunt, of Eatonton, Ga., told of "What a Northern Man Has Learned from Thirty Years in the South." C. P. M. Beaty, of Clemson college, South Carolina, treated the subject of "Textile Training in Relation to the Milling Industry." B. C. Fennell, of Atlanta, Ga., discussed "Mechanichl Stokers." A business executive session is being held this afternoon, at the conclusion of which final adjournment will take place.

It is believed that New Orleans will be the next place of meeting. After adjornment the delegates will be given a tour of the city, visiting industrial plants along the line reached by the Southern and Louisville and Nashville railways. This is regarded as the most successful convention, both in a business and social way, that has been held by this association in its existence of nine years.

AIR CURE FOR WEAK LUNGS.

President of Tuberculosis Association Writes of the Treatment.

Washington, May 12.—Dr. E. L. Trudeau, president of the National association for the Study and Prevention of Tuberculosis, which meets here this month to plan a gigantic compaign against consumption, contributes an article on "Sleeping Out of Doors" to the May number of the Journal of the Outdoor Life of Saranac Lake, N. Y.

For those who are predisposed to consumption and are obliged to work indoors most of the day Dr. Trudeau declares that sleeping out at night is not only advisable but necessary if they are to preserve their health. He does not advocate sleeping in a tent, for the temptation on cold nights is to close the flaps under the impression that the canvas permits the air to pass through. This is not so, he pointed out, or canvas would not be used for sails.

The ideal sleeping out place, Dr. Trudeau says, is a second story verandia.

Fire Engine Hits Trolley Car.

Brooklyn, May 12—A horse was driven into a trolley car and a motorman had an almost miraculous escape from death in a remarkable head-on collision between a Brooklyn fire engine and a trolley car. Although the shaft was driven clear into the car and the entire front platform wrecked, the pole on which is was thought the motorman was impaled, missed him by a few inches. He was found under a mass of wreckage, without even a scratch. While the motorman escaped, one woman was injured, and 15 other passengers were thrown to the floor. They all suffered greatly from the terrific shock. The cause of the accident was a stray dog, which barked and snapped at one of the new horses on the engine.

Membership Restricted to Producers.

Denver, Colo., May 12.—The American Stock Growers' association with a membership restricted to producers was organized here today. The objects are to secure for shippers fair railroad rates to regulate and enforce sanitary provisions; to prevent and abolish illegal combinations and trusts; to promote foreign trade; to give the national government general supervision and control of the home markets. An address on "The Grazing Lands," by Colonel John P. Irish of California, was read.

CLAIM BREAK HAS OCCURRED IN STRIKE

Drivers Deliver Feed For Stock Despite Contrary Orders.

SCHOOL CHILDREN ON STRIKE

Refuse To Go to School Where Coal Had Been Delivered by Nonunion Teamsters—Day Is Free from Rioting and Disturbances.

Chicago, May 12.—A break in the ranks of the strikers today is alleged to have occurred in a refusal of the hay and feed drivers to observe the boycott. Deliveries are being made by union drivers to all the "struck" firms.

The excuse on which this action is being taken is that humanity demands it. The feed drivers claim they they not wish to stand by and see the horses starve to death. It is declared by others, however, that this is merely a subterfuge to cover the real attitude of the drivers who do not favor the strike and are anxious to go on with their work.

The deliveries by the feed teamsters are being made in the face of an ultimatum given by their business agent to the employers in which he said that any attempt to force the drivers to deliver the "unfair" houses would be met by a strike. The deliveries were forced, but no strike was called. The union officials winked at the affair and said nothing.

School Children Strike.

Chicago, May 12.—Police protection was ordered sent today to the Hendricks public school, West Forty-third street and Shields avenue, in consequence of a "strike" of 700 pupils who refused to go to school because nonunion drivers for the Peabody Coal company had taken coal to the building. The pupils gathered in the various streets today near the building, and discussed whether they should go back to their studies. Finally, about half of them decided to return. Some who refused said they had heard rumors that the building was to be set on fire. Others professed to believe that there was dynamite in the coal and that the school was to be blown up

ENTERTAINED BY DEMOCRATS.

President Roosevelt Guest of Iroquois Club of Chicago.

Chicago, May 12.—Honored and honored by his political foes, but personal friends, President Roosevelt was last night the chief guest at a magnificent banquet tendered to him by the Iroquois club, the leading Democratic organization of Illinois. Surrounded by men who fought against him in two national campaigns who deprecate many of his avowed policies, and who have frowned upon some of his political actions, the president was last night cheered to the echo as he entered and left the banquet hall, was applauded with enthusiasm throughout his address, and at its close, and was given to understand that in his case political differences were not a personal issue.

The banquet, which was from first to last an ovation, was given entirely by Democrats to the leader of their political opponents, and many of the kindly personal references made by the speakers of the evening, the majority of whom are men of Democratic faith, deeply touched the president. In his manner and words he evinced throughout the evening a deep gratification at the warmth of his reception from men who have fought him in political battles before now, and are ready to fight him again tomorrow if they considered it necessary.

His 600th Voyage.

New York, May 12.—Chief Engineer Baum, of the North German Lloyd steamer Kaiser Wilhelm II, has completed his six hundredth voyage across the Atlantic. He has been 39 years in the company's service. In addition to making 300 round trips to New York, he has made numerous voyages to China and South America.

NEW LAWS FROM THE STATE MILLS

Amendment to Constitution Relative to Overflowed Lands.

AID FOR JACKSONVILLE HOME

Resolution Relative to Railroad Commissioners Adopted—Bill to Regulate Qualifications of Students Passed. The Wailes Claims Bill Passed.

Tallahassee, May 12.—The Senate met at 11 a. m. yesterday and much business came before this body.

The most important feature of the day was the introduction of a bill and a joint resolution proposing a constitutional amendment both in line with the special message of Governor Broward relative to the drainage and reclamation of the Everglades.

Senator Adams then offered a joint resolution proposing an amendment to Article XVI of the Constitution relating to drainage, reclamation of swamp and overflowed lands. The title to this joint resolution is practically the same as that of Senator West's bill and is a precautionary measure in event legislative enactment should be declared unconstitutional. On this point there is some slight division of opinion.

Senate concurrent resolution No. 16, relative to separation of white and colored persons in State prison, was read second time and adopted.

Senate Bill No. 120, by Mr. Crews, a bill to be entitled an act to amend section 1 of chapter 5139, Laws of Florida, the same being an act to amend section 2 of chapter 4147 of the Laws of Florida, entitled "An act to regulate the carrying of fire arms," approved June 2, 1903, was read third time. Senator Crews spoke in favor of his bill. Senator Gillen opposed. Senator Crews explained that the object was only to fix a license of $10 upon persons who were granted permits to carry fire arms.

The bill was passed, 21 to 9.

On motion, Senate Bill No. 138, by Mr. Canova, a bill to be entitled an act making it unlawful to play baseball or football on Sunday, was laid on the table subject to call.

Senator Gillen's joint resolution to amend section 10 Article XIX of the Constitution was passed unanimously. This amendment is to prohibit the loan or pledge of the credit of the State, and to prohibit it from becoming a stockholder in any enterprise.

The Tampa Mid-Winter Fair bill was placed on its third reading with reference to the engrossing committee.

Senator McCreary introduced a bill for the relief of the relatives of Allison J. Tinsley.

Senator Stockton's bill for the aid of the Soldiers' and Sailors' Home at Jacksonville was passed.

In the House.

Tallahassee, May 12.—In the House yesterday the new bills amounted to upwards of thirty.

The committee substitute for House joint resolution No. 93, proposing an amendment to Article 5 of the Constitution of the State of Florida, relating to the election of the railroad commissioners, was adopted.

House Bill No. 248, by Mr. DuPont of St. Johns, a bill to be entitled an act to authorize corporations not for pecuniary profit to manage, care and provide for children who may be abandoned, neglected, destitute or subjected to perverted training, was passed.

Mr. Watson's bill to regulate the qualifications of students at institutions of learning receiving State support, was the subject of some discussion. Mr. Bryan of Washington proposed to amend the bill so as to make it a requirement that all students entering State institutions shall be able to pass the tenth grade examinations before entering said institutions, instead of the eleventh as was provided by the bill. Mr. Johnston was in favor of the higher requirement, and the bill was passed with the eleventh grade requirement.

House Bill No. 190, by Mr. Crawford of Orange, a bill to be entitled an act to amend chapter 5334, Laws of Florida, the same being an act entitled an act for the relief of S. I. Wailes and the estate of W. K. Beard, deceased, and in full settlement of any claims which the said S. I. Wailes and the estate of W. K. Beard, deceased, may have against the State of Florida, was passed by the House by a vote of 50 to 3. This bill carries an appropriation of $25,000 for the settlement of the claim and provides that the comptroller shall issue two separate warrants of $12,500 each, one payable to S. I. Wailes and the other to Mrs. L. G. Beard.

Mr. Stephens' bill providing for the appointment of a commission to select a suitable site for a permanent camp for the State troops, was passed to third reading.

Ajourned until 10 a. m.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

HAD FINE MEETING.

Hospital Aid Association Met at Home of Mrs. N. D. Phillips.

The Hospital Aid Association, pursuant to call, met at the home of Mrs. N. D. Phillips, 301 East Main street N., Thursday afternoon, the President, Mrs. Phillips, presiding.

The meeting was well attended and a great deal of interest was manifested. The committee on soliciting subscriptions and membership, and the committee on collections, made excellent reports, which showed that the ladies have been progressing nicely in the work.

The Hospital Aid Association, as the name indicates, is an aid and auxiliary to the Gainesville and Alachua County Hospital Association. The ladies, realizing the great importance and necessity of the work which had been undertaken by the parent organization, established this branch for the purpose of assisting in every way possible the accomplishment of its purpose—the erection of a first-class modern hospital for the accommodation of the public generally. The ladies are gratified at their success, and it is evident now that the Aid Association will be an important factor in the building and maintenance of the hospital.

The plans of the buildings have been prepared and work on the same will probably begin within the next few weeks.

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebannon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." Sold by J. W. McCollum & Co.

Well Known Sporting Man Dead.

Nashville, Tenn., May 12.—A telegram was received here from Baltimore this morning announcing the death of Henry C. Brown of Nashville. Brown was one of the best known sporting men in the south. He had been a conspicuous figure for years on American race courses and had owned several noted thoroughbreds. A recent operation was the direct cause of his death. He was 54 years old.

Murderer Pleads Guilty.

St. Paul, May 12.—Edward Gottschalk, charged with killing Christian H. Schindeldecker, the West Seventh street butcher, Feb. 18 last, and afterward murdering Joseph Hartman, his alleged acomplice in the crime, pleaded guilty before Judge Lewis to killing Hartman. Sentence was deferred. Hartman was slain on Pike island Feb. 21 with a heavy instrument, probably an ice pick. Heavy flatirons were tied to his feet and his body thrown into the Mississippi river.

Religious Sect Imitating Noah.

Benton Harbor, Mich., May 12.—The peculiar religious sect living near here known as the Flying Rollers have become imbued with the idea that the world is soon to be submerged and, like Noah, Benjamin, their leader, has set about collecting animals from all parts of the world to insure their preservation after the coming of the millennium. Event now at the City of David there is a zoo that would rival that of Lincoln Park, Chicago.

Growing Aches and Pains.

Mrs. Josie Sumner, Bremond, Tex., writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. It is the best liniment I ever used." 25c, 50c and $1.00. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.

Author's Will is Filed.

Huntsville, Ala., May 12.—The will of the late (Miss) Howard Weeden, the author, who died last month, has been probated here. Miss Weeden decreed all her property and her copyrights to her sister, Miss Catherine L. Weeden.

Women Boycott Nonunion Men.

Wilkesbarre, Pa., May 12.—The young women of Arnot, a mining town near here, have decided to ostracise the young men who do not belong to the miners' union, and in this way aid in perfecting the organization.

TRANSFER OF REAL ESTATE.

W. E. Brown Purchases Valuable Country Property.

W. E. Brown of this city has purchased some valuable real estate from C. C. Pedrick. The tract is located in the Wacahoota section, one of the most fertile sections in the county, and comprises a half-section, or 320 acres. While a portion of the land is cleared, the majority is heavily timbered with valuable hard and other wood. The new owner proposes to clear the property and operate an extensive truck and general farm. He does not expect to begin until early fall, however.

Friends of Mr. Brown are congratulating him upon his new possession, and feel that he will make a fine thing financially out of the venture, as the soil will prove exceptionally fine for trucking.

Twentieth Century Club.

The Twentieth Century Club held an interesting meeting last Monday afternoon, at the residence of Mrs. W. S. Dorsey. The library committee reported additional subscriptions, as well as donations to the public library.

As the club year draws to a close quite an amount of interest is manifested by the members towards revising the constitution and by-laws so as to make the succeeding years more beneficial in various ways.

After the business was disposed of, the literary portion of the program was presided over by Mrs. N. D. Phillips, the subject for the afternoon being, "The Danes Abroad." Members responded to the roll call by giving some distinguishing characteristic of the Danes. This was followed by a well rendered vocal solo by Mrs. Travis, with violin obligato by Miss Richards.

A reading by Mrs. Foster, "To An Old Danish Song Book," also one by Mrs. Harper, "Royalty in Denmark," were highly instructive and entertaining.

The next meeting, which will be the annual meeting, will be held with the president, Mrs. Harper, May 22nd.

HOME FROM CAPITAL.

Dr. J. L. Kelley Well Pleased With Alachua's Representatives.

Dr. J. L. Kelley, County Superintendent of Public Instruction, has returned from Tallahassee, where he was in attendance upon the convention of county superintendents and school officials.

Dr. Kelley states that the convention was a most enjoyable one. While in Tallahassee he had the pleasure of meeting many of his old friends from various sections of the State, which made the meeting all the more enjoyable.

"I want to say that Alachua county, as a whole, has one of the most competent, clever and influential delegations in the Legislature. Senator McCreary entertains his friends and citizens of Alachua county in a most hospitable manner, and nothing is too good for them. From observation, it looks to me that in some instances he inconveniences himself in order to see that his constituents receive the courtesies and attention which he believes is due them. Representatives Rosborough and Tillman of the House are the same way, with the result that Alachua county has a 'swing' in the Legislature which our people must appreciate."

A World Wide Reputation.

White Cream Vermifuge has achieved a world wide reputation as being the best of all worm destroyers, and for its tonic influence on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion, and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.

ANNUAL ENCAMPMENT.

The annual excusion of the Seaboard Air Line Railway will be given May 18th and 19th. Train No. 84 will leave Tampa May 18th; special from Jacksonville morning of May 19th, and from Gainesville train No. 54 May 19th. The following rates from Gainesville proper, for return tickets: Lake City, $2 50; Live Oak, 2.75; Madison, $3.50; Monticello, $4 00; Tallahassee, $4.50; Quincy, $5.00; River Junction, $5 00; Bainbridge, $5.00.

Tickets will be limited seven days exclusive of date of sale. E. C. Cobb, Agent, Gainesville. dtf.

A Positive Necessity.

Having to lay upon my bed for 14 days from a severely bruised leg, I only found relief when I used a bottle of Ballard's Snow Liniment. I can cheerfully recommend it as the best medicine for bruises ever sent to the afflicted. It has now become a positive necessity upon myself.—D. R. Byrnes, merchant, Doversville, Texas. 25c, 50c and $1. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.

Carlisle's Home Finished.

The neat home of Attorney J. A. Carlisle, South Arredondo street, which has been in course of construction for the past few weeks, has been completed, and the owner, with his family, expects to occupy the premises in a few days.

It will be remembered that several months ago Judge Carlisle had the misfortune to lose his home, with a majority of its contents, by fire. He has now, however, a much more modern building, and one in which he will naturally take a great pride. It is one of the most desirably located residences in that section, occupying a beautiful and commodious lot.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Death of a Child.

Hon. Walter G. Robinson, Friday, received telegraphic information of the death of Walter Robinson Chubb, the three and a half year old son of Hon. and Mrs. Henry S. Chubb, which occurred at the home of his parents in Winter Park, Thursday morning, after a brief illness.

Col. Chubb, as was stated in The Sun Friday morning, was summoned by telegraph on account of the illness of this child and left by first train.

Friends of the bereaved parents in this city extend sincere sympathy upon the loss of their darling child, which was the baby of the family.

"M'CREARY'S SCHOOL BOOK BILL."

The Jacksonville Metropolis, Thursday of last week, had an amateurish editorial, evidently written by an outsider—it had a tinge of "Gray matter" with a Brown-ie sound that was most amusing in its get-up. Rising to the heights of a Fourth of July orator, the writer asks:

"Down with the Book Trust! Kill the McCreary bill and give us a uniform text book bill which will open Florida to the competition of the world!

"The Greeks are hidden in this Trojan horse! Do not allow it rolled inside the walls of Troy, even if not a sail of the enemy's ships are in sight, for they will return under cover of darkness."

According to The Met. we are in danger of a "trust." Day by day, through the Secretary of State's office, we are piling these "blasted outrages" on the other fellow, but refuse to take his dose dished up to us, admitting that the position assumed by our brilliant contemporary is correct. "The Greeks may be hidden in this Trojan horse," but the jackass who writes such rot ought to be sent to Chattahoochee for life.

The fact is, there is no such thing as a book trust. There are two separate and distinct competing combinations—one is headed by the Ginn & Co. people, and the other by the American Book Co. Each has a number of smaller concerns associated with them. Both "are out for business," and fight hard. One has its sample of books in the hands of our country school boards at the present time; the other objects to doing the same thing on account of its expense, and is preparing a plan by which the State will pay for this and they will only need to "see" one set of officials instead of forty-five.

Mr. Gray, who represents one of those outside corporations, has told us that the present system was perfectly fair, except that it entailed additional burdens on competing firms, over that proposed. He said that they had bid against each other so long that neither knew approximately what the other's figures would be and there would only be a difference of a cent or two between the contestants on the different books. And for their benefit Florida is asked to go to an expense of at least five thousand dollars for the luxury of a commission. Mr. Gray, it will be remembered, is opposing the McCreary bill.

Next to what we already have, Senator McCreary's bill will be least expensive. It will only need a postage stamp, sheet of paper and envelope to give the expression of the views of the various county boards to the State Board of Education, an institution already in existence, and an hour's time to compile the figures. There are no additional officers at salaries or fees.

But this brilliant writer wants to know more. "Hear ye him":

"Where is our State Superintendent of Public Instruction?

"Is he sleeping? Has he not seen in his dreams the phantom hosts of the enemy approaching? Wake up, Brother Holloway, and load your gun and get ready to kill that resolution that the book trust had prepared to pass through your county superintendents' convention at Tallahassee next week. Shoot for the children of Florida. Shoot for your life, for the enemy is upon you."

"Fools rush in where angels fear to tread." Mr. Holloway has seen one State superintendent write "Dennis" after his name for "monkeying with a buzz-saw." The distinguished gentleman who now occupies the place at Tallahassee so recently vacated by one who "butt in" at all times and under all circumstances, is simply attending to his duties and not interfering with the duties of others as the law laye it down for them. Should any of them fail in this—and he is not "anticipating" such acts—then he will be heard from.

Let The Met. writer accumulate more "Gray matter" with less of the Brown-ie tinge.—Lake City Index.

THE JUNE SMART SET.

"On the Newport Road" is the attractive title of the novelette which opens the June Smart Set. Sewell Ford is the author, and he has written as sprightly a piece of fiction as has recently appeared. The story tells of Mrs. "Billy" Redkirk's social ambitions, her desire that her daughter, Barbara, may make a brilliant marriage, the sudden loss of the Redkirk millions and their ultimate recovery. The tale is comedy from first to last—bright, clean, clever comedy—and no reader can afford to miss it.

Thirteen remarkably original short stories will be found in the June number. One in particular, "The Ending of the Play," is so absorbing in its dramatic interest and so startling in its denouement that it will cause no slight discussion.

For the June Smart Set the distinguished impressario, Heinrich Conreid, has written an important article which he has entitled "The Art of Giving Grand Opera," and in which he discusses freely, from the managerial standpoint, the present outlook for opera in New York It is an illuminating essay, forceful and valuable.

The workmen of Chicago say all the unions are in favor of arbitration, and don't want the troops to turn out. There are few questions but what could be settled by arbitration, and in most unions where the foreign element and walking delegates do not rule, few strikes are known.

Although the number of deaths at Snyder, Oklahoma, is now said to be over 100, it was one of the worst cyclones ever recorded in the West, coming as it did when most of the people had retired for the night and killing them in their beds.

There was a million and a half tons decrease in the amount of anthracite coal produced in Pennsylvania in 1904 from the previous year. There was a time in 1904 when some people were without it, although the trust had plenty.

Some of The Times-Union's "pictorial comments on current events" would look all right enlarged, especially the one in yesterday's paper, where Japan has the Frenchman by the ear.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We offer One Hundred Dollars Reward for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure.

The Florida Index, published by Thos. J. Appleyard at Lake City, probably has as correct an idea of the school book question as any paper in the State, and what this paper has to say in regard to the article in The Metropolis of May 4th will be found in another column. It shows who is honest in the work.

Guess they won't beat Tampa, even in New York, with Nan Patterson in the title role. During the trial of a Tampa man for embezzlement, his wife fainted while giving her testimony.

Grenada, Miss., May 12.—Fire which broke out in the business section of this city early this morning destroyed three buildings entailing a loss of $60,000. Take Care Of Your Heart.

It is the engine that forces the blood to every part of the body; this blood conveys the nourishment that makes flesh, bone and muscle; it also carries off the worn-out particles.

If the heart flutters or palpitates, it is weak, and is working imperfectly, so that the body does not get this nourishment; it also fails to throw off the impurities, and they remain to poison the system.

If it is irregular, skips beats, or is painful, the heart is probably "leaky" and the circulation poor. These conditions are dangerous. You can make your heart well, and keep it so, with Dr. Miles' Heart Cure, which is a heart medicine and tonic that strengthens the heart nerves and muscles.

"I have been a sufferer for years from nervousness and weak heart, and I have tried all the doctors in the community. They all told me that I had heart trouble, but they failed to help me. My druggist prevailed upon me to try Dr. Miles' Heart Cure, and Restorative Nervine, saying that if the first bottle did not benefit me he would return the money. Every dose helped me from the time I began taking it, and after awhile my trouble was gone entirely."

EXTRACTS FROM MRS. STROBHAR'S REPORT TO DAUGHTERS CONFEDERACY

So enthusiastically was the report of Mrs. J. N. Strobhar, president of Kirby Smith Chapter, United Daughters of the Confederacy, received by the State convention, recently in session at Pensacola, that several papers have published same in full. It was beautifully written, charmingly rendered, and deserves special recognition.

The Sun regrets its inability, for lack of space, to reproduce the report in toto, but assumes the liberty in the author's absence to make some extracts which will prove of deep local interest:

Mrs. Strobhar's Report.

Madame President United Daughters of the Confederacy, Kirby Smith Chapter extends a loving salutation to you all.

The first official act of Kirby Smith Chapter, after the Lake City convention, was to indorse the election of the new State executive board.

It is always the wish of our chapter to cooperate with the State officers, and we look to them for protection and advice. We realize that this confidence throws around us a mantle of security, which inspires us to press on in this labor of love.

The interest manifested in any work that we undertake is always enthusiastic and harmonious. This spirit establishes a confidence, a kind of reciprocity between officers and members, that always assures a good result.

For the encouragement of the Olustee Monument Committee, I will state that Kirby Smith will no doubt fall into line with the other chapters of the Florida division, as soon as some positive decision has been adopted by the convention as to the spot upon which this monument is to be erected.

Kirby Smith Chapter has applied to the Alachua County Hospital Association for the privilege of furnishing a room in the county hospital, which is to be erected at Gainesville. This room will be called the "Kirby Smith room," and will be "trust memorial" to the work of our organization.

It was our privilege to send to the reunion of the Confederate Veterans at Nashville, one of the "maids of honor" to the "Florida sponsor."

This honor was bestowed upon Kirby Smith Chapter by the adjutant-general of the Confederate Veterans, and was conferred upon Miss Myrtle Fennell.

On January 19th, the birthday of General Robert E. Lee, our chapter was invited to attend the exercises which had been arranged by our Stonewall Camp of Confedrate Veterans, a call which was responded to with pleasure.

The encouragement of the "Veterans" in our work is a very great satisfaction to us, the interest they show, and the assistance given us in the erection and maintenance of Confederate Memorials, "stands a witness" of that beautiful spirit of "Brotherly Love" that went hand in hand with the Confederacy.

It has been our sad privilege to attend the funeral services of three Confederate Veterans during the past year. The first was that of Florida's brave and well-beloved son, General Jesse J. Finley.

The remains were interred in the Gainesville cemetery and twenty-two representatives of Kirby Smith Chapter followed the funeral cortege as it passed down the aisle.

The sad rite of placing the laurel wreath upon the Confederate flag which covered the casket was accorded Kirby Smith Chapter.

The sight of that sad emblem, which had been prepared by the Daughters of Kirby Smith, from the general whose memory the dead comrade most revered, produced an emotion which will long be impressed upon our minds.

The others were Dr. Benjamin Matheson of South Carolina and E. A. Jefferds, whose recent deaths at Gainesville form more links in the "march of the sleepless dead."

The completion of the stone coping around our Confederate monument at Gainesville was finished at a cost of $100 on April 26, 1905.

This completes the memorial shaft which has been raised "in memoriam" of the Confederate dead by Kirby Smith Chapter.

This "stands a witness" of the work accomplished by the administration of the past two years.

Before "finis" is written upon this "tablet," it is but just that our chapter should record the labor of one of her Daughters in the accomplishment of this undertaking—Mrs. J. F. McKinstry, Jr.

At the beginning of the year 1903, Mrs. McKinstry was appointed chairman of the Kirby Smith Confederate monument fund. She held it a sacred trust, and she neither slumbered nor slept until she had placed in the bank to the credit of her committee $1,000, which she turned over to her chapter for the full payment of this monument, which was unveiled on General Robert E Lee's birthday, 1908.

Before closing this subject I feel it an honor to tell this convention of the encouragement and assistance we have received in the erection of our monument from the Stonewall Camp of Confederate Veterans. These venerable soldiers of the Confederate army of the 60's have stood by us and helped in every way that they could.

I must pay special tribute to one "Veteran" of our camp who still wears the "gray," Mr. George W. Moyers of Gainesville and a soldier of the Army of Northern Virginia.

He has given the physical part of this work his undivided attention. All during the period of placing this monument in position and recently in building the coping, Mr. Moyers's gray uniform could always be distinguished in the "thick" of the work, often handling shovel and ax himself, as though the work were too hallowed for the hands of hirelings.

Our chapter historian, Mrs. J. E. Wainwright, has endeavored during the past year to keep our chapter posted on the current literature of our organization.

Our historical program is always arranged to include the assistance of the younger members of the chapter, whose bright young faces always lend a charm and grace to the occasion and give encouragement to the work by their enthusiasm and tireless devotion to the memory of the Confederacy because Grandmother said it was right.

On our last Southern Memorial Day, April 26, our chapter attended the exercises, which had been arranged by the Stonewall Camp Confederate Veterans.

On that occasion we listened with much interest and pleasure to the address of Ex-Governor Fleming, which was both eloquent and instructive.

In the afternoon a committee from our chapter placed 97 laurel wreaths upon the graves of Confederate Veterans, who are buried in the Gainesville cemetery.

Our Confederate monument on the occasion was most carefully decorated; the U. D. C. colors of red and white, festooned from the cap to the four corners in graceful folds.

Rare pot plants and cut flowers bedecked the mound, and four large laurel wreaths whispered of the fallen heroes who wore the gray. A tattered Confederate flag waved on the breeze from the hand of the bronze Confederate soldier which surmounts the monument, and above all, "Old Glory," the flag of our united country, was poised, as if proclaiming to the world a protection to the memory of the "Stars and Bars."

I believe that Kirby Smith Chapter would feel it a personal grievance should their new president close this report without a word of praise for their faithful friend, and recently retired president, Mrs. H. H. McCreary.

For four years she guided the helm of this ship of the Florida Division, United Daughters of the Confederacy.

She was always at her post. When the storm broke, and the waves rolled their highest, she was still on the "bridge" looking out for a safe channel, through which she could guide her ship and save the crew, which looked to her for safe anchorage. At last, after two years laboring through the petulant seas, the clouds have lifted, the harbor is reached, and this gallant captain calls out on the watch, "All is well."

Respectfully submitted by

MRS. J. N. STROBHAR,
President Kirby Smith Chapter, U. D. C., No. 20.

QUEEN OF ACTRESSES PRAISES PE-RU-NA.

MISS JULIA MARLOWE
Heartily Approves of Peruna For the Nerves.

IN a recent letter to The Peruna Medicine Co., Miss Julia Marlowe, of New York City, writes the following:

"I am glad to write my endorsement of the great remedy, Peruna, as a nerve tonic. I do so most heartily."—Julia Marlowe.

Nervousness is very common among women. This condition is due to anemic nerve centers. The nerve centers are the reservoirs of nervous vitality. These centers become bloodless for want of proper nutrition.

This is especially true in the spring season. Every spring a host of invalids are produced as the direct result of weak nerves.

This can be easily obviated by using Peruna. Peruna strikes at the root of the difficulty by correcting the digestion.

Digestion furnishes nutrition for the nerve centers. Properly digested food furnishes these reservoirs of life with vitality which leads to strong, steady nerves, and thus nourishes life.

Peruna is in great favor among women, especially those who have vocations that are trying to the nerves.

Peruna furnishes the lasting vigor for the nerves that such people need.

Thousands of testimonials from women in all parts of the United States are being received every year. Such unsolicited evidence surely proves that Peruna is without an equal as a nerve tonic and a vital invigorator.

Buy a bottle of Peruna to-day. If you do not receive all the benefits from Peruna that you expected, write to Dr. S. B. Hartman, Columbus, Ohio.

Earthquake Shocks in Mexico.

Mexico City, May 12.—An earthquake has been felt over a wide area of country in central and southern Mexico. In the state of Jalisco many houses were damaged, and the dome of the church in one town collapsed. The shock was severe also at Chilpancingo, capital of the state of Guerro, which a few years ago was nearly destroyed by an earthquake of exceptional violence. The shock was noticeable at Colima, where a vertical movement was felt, accompanied by subterranean roarings. The quake was felt to the borders of Guatemala. The central observatory here has now a fine seismograph, which registers all tremors of the earth with accuracy.

Juggling With Dynamite

Is no more dangerous than to neglect kidney disorders. Foley's Kidney Cure corrects irregularities and has cured many severe cases after other treatment has failed. It builds up the worn out tissues and restores health and vigor. "I was troubled with kidney complaint for about two years," writes A. H. Davis of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by J. W. McCollum & Co.

Threw Money in the Street.

Baltimore, May 12.—A mysterious stranger was a few days ago took an office at No. 216 North Liberty street, created a great deal of excitement here by throwing money in the street from his office window to a large gathering of newsboys and others.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Boiler Explodes with Fatal Results.

Chattanooga, Tenn., May 12.—A boiler at the sawmill of J. E. Johnson, at Hixon, Tenn., exploded today, fatally injuring Johnson, the owner of the mill, and Walter Hardie, an employe. Both men were horribly mangled, and neither can possibly live more than a few hours.

HEALTH AND HAPPINESS

Sickness and Sorrow Are the Lot of Women Who for Any Reason Neglect Any Form of Female Trouble.

Thousands of women are unhappy because they are unhealthy. They would not know a sorrowful moment if they could enjoy the blessing of good health; yet, screened from prying eyes, confiding in no one and suffering in silence and in sorrow, they are the victims of conditions peculiar to their sex, which they imagine are chronic and incurable.

G. F. P. (Gerstle's Female Panacea) gives instant relief and is a positive cure for leucorrhea, prolapsus, ovarian troubles and painful or suppressed menstruation. It is purely vegetable, contains no ingredients of a harmful nature, is pleasant to take and is readily assimilated even by the most delicate.

Sound sleep, health, beauty, steady nerves, pure blood and freedom from all pain promptly follow its use, and all of the functions of the body become regular and healthy. You do not have to take our word for it. Ask your druggist for a bottle of G. F. P., use it as we direct, and when you have finished the bottle, if you can conscientiously say you have not been benefited, take the bottle back and he will instantly refund the $1.

If your druggist cannot supply you, write to the Gerstle Medicine Co., Chattanooga, Tenn., direct, and they will send you a bottle prepaid upon receipt of $1.

YOUNG WIFEHOOD

Boston, Mass., 152 Shawmut Ave., Oct. 25, 1902.

After I had been married about four months I felt my health generally decline. I seemed to lose the light step and dragged wearily along instead. My appetite failed me and I lost health and strength. I was nervous and had shooting pains through my limbs and stomach while bearing down pains and constant headaches added to my misery. The menstrual flow became more and more profuse and I was unfit to attend to my daily duties. My husband called in three different physicians and I took enough medicine to kill or cure a dozen women, but it all had no effect on me whatever, until I took Wine of Cardui. In a few days I felt a change for the better, my general health improved and at the next time of my periods my flow was more natural and I was in less pain. Gradually I recovered my health and strength and am now in perfect health. I take an occasional dose of Wine of Cardui which keeps me well.

I am happy to give you this endorsement. Bertha Ricker

President, Back Bay Woman's Club.

Why don't you try for the same health Mrs. Ricker has? It is easy to secure if you take Wine of Cardui according to directions. Wine of Cardui strengthens weak and worn-out women of any age and assists the mother and housewife to bear her exacting duties. Wine of Cardui makes women fit for all the duties of womanhood.

It will relieve the pains of irregularity, cures falling of the womb, leucorrhœa, ovarian troubles, and has been known to remove what physicians considered dangerous tumors. Women who use Wine of Cardui do not suffer at the monthly periods. They do not suffer hysterical attacks, because Wine of Cardui gives them strong nerves freed from the irritation of female suffering.

A $1.00 bottle of Wine of Cardui purchased from your druggist will keep you free from pain.

WINE of CARDUI

JAP ARRESTED AS A SPY.

Ex-Lieutenant Who Was Dismissed from Mikado Captured.

Tokio, May 12.—Ex-Lieutenant Iwasakia, formerly connected with the engineer department of the Japanese navy, has been arrested in connection with the charge which resulted in the arrest of A. E. Bougo, as spies of the Russian government.

Iwasakia was dismissed from the navy and deprived of his rank in 1904 for alleged misconduct, and he has since been under police espionage.

It is reported that two Russian warships from Vladivostok were off Aomori and off Hindo, the main island of Japan, Tuesday.

Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and lagrippe. At drug stores, price 50c and $1.00; guaranteed. Trial bottle free.

Rain Only Checks Forest Fires.

Plymouth, Mass., May 12—While the long-wished-for rain fell heavily, and was thought to have permanently checked the forest fire which had been burned over 75 square miles, some neglected sparks were fanned to life in the afternoon by variable winds and started small fires in so many places that the weary firefighters were called out again. The fires were for the most part under the leaves.

Killed by Overhead Bridge.

Selma, Ala., May 12.—C. B. Crawford, a popular conductor on the Western of Alabama railroad was killed while on his train 10 miles from Selma. While the freight was running 25 miles an hour Crawford, who was on top of the cars, was struck by an overhead bridge and instantly killed.

Warning.

You cannot have good health unless your kidneys are sound, for the kidneys filter the blood of impurities which otherwise act as irritating poisons and break down the delicate organs of the body and cause serious trouble. If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. Sold by J. W. McCollum & Co.

BIG SUITS AGAINST MINERS.

Secession Men Sue for $7,000 Damages Each.

Tuscaloosa, Ala., May 12—The case against the United States Mine Workers of America, the United Mine Workers of America in district No. 29, the same organization local No. 355, and Ed Flinn, W. Fairley, L. C. Clemo and others, which was on trial here on April 17, and which was postponed is again on trial here and is attracting a great deal of interest.

There are 21 cases, all of like character, for $7,000 against the above named organizations. The plaintiffs claim that they were employed by the Alabama Consolidated Coal and Iron company, and that during the month of October, 1904, the defendants deprived them of employment; that they held meetings and passed resolutions demanding their dismissal of the company by which they were employed, and that if this was not done the entire number employed would be called out. With heavy contracts to fill and fearing a strike, the company was forced to discharge them and force them to leave their homes.

Georgia Knight Templars Meet.

Macon, Ga., May 12.—An imposing ceremony marked the opening of the sessions of the grand commandery of the Knights Templars here yesterday. Nearly 300 guests of St. Omar commandery formed the line of march. The visitors appeared in the uniforms of the order, and the spectacle was indeed striking, as the long lines of men entered the parade, marching to the music of a band. Near the hour of noon the welcome address was delivered by Congressman Charles L. Bartlett, at Masonic temple. His address was eloquent and was full of praise for Templarism. The resopnse was delivered by J. C. Greenfield, of Atlanta.

Cadets Strike Because of Food.

Richmond, Va., May 12.—At a supper call at the Virginia Polytechnic institute, Blacksburg, the whole corps of cadets refused to go to mess. After the companies had formed to command, "fall out" was given and the corps broke ranks, most of the students retiring to their rooms. This action was a protest against the food furnished, the cadets claiming they could not stand it any longer, and their action was taken, they say, to bring the grievance to the attention of the proper authorities.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at all drug stores; price 50c.

Wireless Station at St. Augustine.

St. Augustine, Fla., May 12.—Joseph Geiseman, a well known local contractor, has just been awarded the government contract to erect the wireless station on Anatasia island and in less than two months it is expected that the work will be completed and the station in operation. The station at Jacksonville is in course of construction and others, it is stated, will be established at principal points along the east coast of Florida. The pole here will be 185 feet high.

Georgia's Population Increases.

Washington, May 12.—S. I. D. North, director of the census, has made an estimate of the population of the various states of the union. Georgia ranks ninth, with a population of 2,605,821, an increase of 189,490 over the figures shown by the census of 1900, and 37,898 over the estimate for last year. In the census of five years Georgia ranked eleventh.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at all drug stores.

HEALTH is the Most Important

The manufacturers of Royal Baking Powder have had 40 years of scientific experience.

Every method of bread-and-cake raising has been exhaustively studied in this country and abroad.

The result is a perfect product in Royal Baking Powder. There is no substitute for it. The purity and efficiency of Royal Baking Powder have been commended by the highest authorities of the world.

These facts mean two important things to all housekeepers:

First: that Royal Baking Powder is healthful and makes wholesome food.

Second: that Royal Baking Powder makes food good to taste.
